

SWIMMING

Weisman Children's Rehab Hospital

Adaptive swim lessons, Marlton, NJ

Weisman Children's Rehab Hospital continues to add additional sessions to meet the needs of all the families in the community. Children are given the chance to enhance all of their skills in the water while paired with a buddy who will provide one-on-one support throughout the entire session. Swimming lessons are inclusive for children ages 3 to 6 and 7 to 11 and focus on fundamentals of swimming and core muscle building. The program also provides an opportunity for children to socialize with peers while gaining strength and maximizing their swimming potential in a fun, recreational way.
