

MEET OUR CLINICAL PROFESSIONALS

CHC Solutions, Inc. now provides access to a suite of on-staff clinical professionals, from a registered dietitian to a wound, ostomy and continence nurse (WOC nurse) to a respiratory therapist. You can contact members of the clinical team and receive a return call or email within 24 - 48 hours.

Each of our clinicians works directly with patients, helping them to get their best healthcare experience. In addition to offering support to clinicians and patients, they also help patients resolve issues with existing supplies, and educate our staff to deliver top-notch customer care.

DIETITIAN

Gina Salvatori, RD, LDN, boasts more than 15 years of experience as a registered dietitian, and always has put patient and family needs at the center of her practice. Gina is an active member of the Academy of Nutrition and Dietetics, and previously served as Clinical Nutrition Manager at The Children's Institute, where she worked for more than 10 years.

WOCN

Cheryl L. Hutton, BSN, RN, CWON, boasts nearly 40 years of experience and has served as a staff WOC nurse for product suppliers, a consultant/clinical specialist for nationally respected wound care and support surface companies, and a member of the Coalition of Wound Care Manufacturers. Throughout her career, Cheryl has been an active member of the Wound, Ostomy and Continence Nurses Society and the Association of Advanced Wound Care.

RESPIRATORY THERAPIST

Anthony Barone, RRT-NPS, has amassed more than 20 years as a registered respiratory therapist and neonatal pediatric specialist. He has built his career around working with medically fragile, technology-dependent children, adults and their families. Anthony strives to create a seamless transition for patients from acute care to rehabilitation and, ultimately, back home.

Call or email our clinical team today! Most inquiries receive a response within 24 to 48 hours.
